This has been a great half term, the best in 18 months in many ways as we've been 'all back together' for a good stretch of time without many interruptions!

The children have been fabulous and have shown how much they enjoy school by getting on with their learning despite all the changes that have happened around them. They are very resilient and keen to 'get on with catching up lost learning'. Staff have been very flexible in responding to needs and I'm sure you will join me in thanking them for all their hard work this half-term particularly. After a nice break we will enter Phase 3 of

our 'phased return to school which will see us working as teams to 'plug the gaps' we have found in pupils' learning and also ensure a 'full curriculum offer'. Lots of music, art, drama, sport, interesting topics about the world and how things work and all the things children need to know about to finish off their school year. Hopefully, this will coincide with the Nationwide restrictions easing too - making things so much nicer for the rest of the summer. However, for now; please have a lovely week off and take care of yourselves and each other.

Learning Focus Writing across the curriculum

This week's focus has been on writing across the curriculum and we have seen children in all year groups and across the federation, motivated, focused and on task with their writing activities. There have been opportunities where the children have accessed guided and shared writing with a teacher's support and times where the children have been writing independently using the skills that they have built up over this year.

ANOTHER BUSY WEEK OF LEARNING

Google Meet

There will be another Google Meet for parents after half term to discuss how the next phase of our return plan is progressing - **Date and time will be shared after half term through our usual platforms.**

The Federation has achieved the Primary Science Quality Mark - Well Done everyone and a special thank you to Mrs Williams, Mrs Clarke and Miss Copley for their work on this.
