

THE WILLIAM STOCKTON AND WIMBOLDSLEY WEEKLY

3rd Feb 2023 www.wimboldsleyprimaryschool.co.uk [@WimboldsleyCPS](https://twitter.com/WimboldsleyCPS) www.williamstockton.com [@school_ws](https://twitter.com/school_ws)

A fantastic week of learning at William Stockton School this week, topped off with a fabulous, fun stay and science with our parents. As always we have had lots of learning going on in and outside of the classroom, with trips to Liverpool Museum, the library and within our local town.

NSPCC number day took place in school today and what a fabulous fundraising event this has been. Not only did children get creative with their outfits and enjoy a variety of number-based activities throughout the day

STAY AND SCIENCE

Thank you to all the parents who became scientists this morning with us! It was great to see you all share in some science work and see the subject in action. There are lots of pictures on twitter to see the scientists of the future!

Athletics

Well done to our Y5 and 6 pupils who competed in the local athletics competition on Thursday. They were all excellent and represented our school with a real competitive attitude. A fantastic effort everyone.

Liverpool

Year 3 and 4 had a fabulous day at Liverpool Museum this week and enhanced their history learning! They were able to put their classroom learning into practice outside the classroom and really 'get into' their learning about the Egyptians.

Next Friday is a day of **STOP, DROP AND READ**. Throughout the day children will DROP everything and READ. Look out for Reading Frenzy on twitter and parents are very welcome to join in from home or at work!

KS2 FILM NIGHT

Please book on school spider if you wish your child to attend the KS2 film night on Thursday after school. The film is 'YES DAY'

Also next Friday is a class assembly for class 3M - parents are very welcome to attend (9.15am in the school hall)

CELEBRATION ASSEMBLY

Congratulations to all the rosette winners this week.

Sleep Tight Workshop

The Sleep Tight Workshop has been designed to support children, young people and families to get a good nights sleep.

This programme runs over a **three week period for parents only**, various sleep topics are covered including:

- ☾ Looking at sleep deprivation and sleep cycles.
- ☾ Causes of sleep issues.
- ☾ Identifying and managing sleep problems.
- ☾ Building positive bedtime routines.

During the workshop you will have the opportunity to record & develop your families' sleep routines!
