

WELCOME BACK EVERYONE, PLEASE REMEMBER THE START OF THE SCHOOL DAY IS 8:50, THE CLASSROOM DOORS CLOSE AT 9AM.

A warm welcome back to everyone after the summer break, particularly parents for whom this is their first contact with William Stockton School. It has been a busy first three days back into school, but everyone has really hit the ground running and raring to go for the new school year. Already there has been lots of learning happening and the children have been introduced to their new focuses in subjects, new Maths units and new English texts. I'm sure it will be a good year of learning.

As previously communicated we are now part of the Concordia Trust, which we are very excited to be a member of. The Trust is a close-knit family of academies that collaborate, develop best practice and work strategically with each other to improve the education of children. Mr Allen

Learning focus

We may only be three days back into the new term but in true William Stockton style we have embraced every opportunity to learn and we have delved immediately into this year's curriculum. For further information about each class's curriculum please visit our school website. Here you will find the planned learning for the children in each year group across the year.

PE Silver Award

Congratulations to everyone and the PE curriculum team, led by Mrs Ritchie for achieving the Silver PE Sports Mark award for the school.

Uniform

Please ensure your child's uniform is labeled/marked so they recognise it, particularly with the weather being so hot. Please see Mrs Ackers and Mrs Quayle if you require support with uniform as the school has a small, clean supply to assist you.

ATTENDANCE WINNERS

Class	Percentage
RG	100%
1KMC	98%
3/4S	99%
