

WELL DONE TO ALL THOSE CHILDREN WHO ARE STILL ATTENDING SCHOOL EVEN THOUGH THEY ARE A LITTLE BIT UNDER THE WEATHER WITH IT BEING THAT TIME OF YEAR. REMEMBER, YOU CAN WIN A £5 VOUCHER FOR 100% ATTENDANCE EACH WEEK.

Attendance WOW!
Well done to Logan Smith, who has won a £5 voucher for Amazon today for 100% attendance this week. Who will it be this week? You've got to be in it to win it!

It is feeling especially autumnal this week at William Stockton due to the change in weather and the slightly darker evenings and our forthcoming KS1 Harvest celebration. It has also been wonderful to invite and have parents in school. We all really enjoyed the stay and read session today. The children have talked about how great it was to have their parents with them when they were in the classroom so thank you to all that were able to come. We are planning opportunities across the year for parents to come into school to work with us. Please keep your eye out for the advanced notice of dates on the newsletters.

Learning focus
We love being Scientists at William Stockton School and enjoy the opportunities it gives us to ask questions and find things out. We make Science fun, practical and meaningful for our children and their enthusiasm for Science shines brightly.

In all areas: EYFS, KS1 and KS2 we have been focussing on materials. EYFS have been exploring materials in their environment. KS1 on materials and their properties. Year 3/4 on rocks and soils and Year 5/6 changes to materials. Throughout each stage we have been developing our investigation skills. We love Science at WS. #ScienceatWS

Thank you to all our parents and carers who joined us today for our first Stay and Learn session. It was lovely to have so many people supporting their children in school.

Thank you to our Reception parents who joined us for our phonics and reading meeting. We hope you enjoy your goody bags
