Attendance WOW!
 Well done to Finley B-G 4R who has won a £5 voucher for Amazon today for 100% attendance this week. Who will it be next week? You've got to be in it to win it!

Our library visits are in full swing, and we're absolutely loving it! It's such a joy to take every class to explore the vast array of books. It was particularly delightful to see so many children remember their library cards, as they made the most of their time there, eagerly loaning new books that really piqued their interest.

Looking ahead, next week, we'll be holding phonics workshops for parents of Year 1 children. These sessions aim to support you with the phonics screening, so do come along! Also, we're excited to invite parents into classes to work with their children for Number Day this year. We can't wait to see you there and share in some fun learning experiences together!

Learning Focus

This week, we're diving into the fascinating world of History! As we explore the past, we look at the people, societies, and events that shape our understanding of the present. Starting with our lovely local history of Ellesmere Port and Chester, we'll uncover how societal changes have influenced the way we act and live today.

We also examine the power dynamics at play throughout history, focusing on those who create the rules and values we follow. Additionally, we investigate invasions and settlement to understand why people chose to inhabit certain areas. By engaging with these themes, our children are developing their skills to step into the shoes of historians. It's an exciting journey through time!

Thank you to 3/4M for their wonderful assembly that shared their learning. It was lovely to see them speaking so confidently
