IT'S IMPORTANT ALL CHILDREN ARE IN ON TIME TO LEARN**

## Attendance WOW!

Well done to Nicco D 6F who has won a £5 voucher for Amazon today for 100% attendance this week. Who will it be next week? You've got to be in it to win it!

## Learning Focus

It's important to pay attention to the national assessments our children will be participating in. Every year, students have mandatory assessments set by the government. Starting off in Reception, children will complete the baseline assessment, which helps us measure their progress alongside the Good Level of Development by the end of the year. Come Year 1, they'll tackle the phonics screening check in June, where they read a mix of 'real' and 'monster' words to demonstrate their phonics knowledge. In Year 4, they will take the National Multiplication Check—an online test focusing on their times tables, which they should confidently recite up to 12 x 12. Finally, Year 6 students will sit their SATs in May, assessing their skills in reading, writing, and maths. Don't worry, we're here to support them every step of the way!

Can you believe it is the last day of February already? This year is flying by! The children have all returned from the half term in good spirits, and it's lovely to see them so refreshed and revitalised after their time off. They've dived straight back into their learning, and it's heartwarming to witness their enthusiasm.

The brighter mornings and longer evenings are certainly making a difference too—who doesn't love those extra moments of daylight? As the days grow longer, it inspires us all to embrace new challenges and opportunities. Let's keep the momentum going as we move into March, filled with exciting activities and discoveries ahead. Here's to a fantastic end to February and a wonderful start to the month ahead!

Please make sure that children have full PE kits in school and that they are not wearing jewellery.

World Book Day Thursday 6th March. Come dress as a character or ready for a Bedtime story. Prizes for the best dressed.
